Allendale Announcement

Having decided to hold this sale Saturday, March 14th, instead of June 6th as originally planned, the offering is not in as fine sale fit as it would have been three months later, however, the entire consignment will be found to be in the best of breeding condition. Several cows have calves by side and are bred again, others with younger calves by side are not rebred, and the balance are in calf and open heifers.

The 4 bulls include, Captain Mercury by Calrossie Mercury, and a number of the females are bred to him, and three sons of imported Lawton Favorite already well known to Shorthorn breeders, a winner at Perth, Scotland, and one of the greatest imported sires in North America.

Mr. Allen made the highest average in the year 1940 on a consignment of 14 head sent to Chicago, and in June 1941 his sale made the second highest average of the year.

The present offering is no doubt the most valuable one made so far, animal for animal.

The pedigrees will appeal to anyone who desires to buy imported Scotch breeding that is of the best ancestry, and included also in this sale are several of the very tops of other breeder's sales in the past two years.

The calves that will be sold with their dams are for the most part sired by imported Lawton Favorite and Coldoch Colonel, other calves are by Calrossie Mercury and Cruggleton Aspiration. Foot notes as are supplied in connection with the printed pedigrees are brief and in most cases only refer to breeding data.

Mr. Allen feels that the entire offering will meet the approval of all who favor him with attendance at the sale, and that I should not attempt further descriptions than are given herein, particularly since the Representatives of the Livestock Press are covering this detail.
